

Eco-Dent[®] Between![®] Dental Gum

- Each serving provides 25% of daily value of antioxidant Vitamins A, C and E
- Dental gum to reduce tartar buildup between meals
- Natural, not artificial flavors
- No artificial colors or sweeteners
- Frequent eating of foods high in sugars and starches as between-meal snacks can promote tooth decay. The sugar alcohols (xylitol, sorbitol, and maltitol) used to sweeten this dental gum may reduce the risk of tooth decay.
- Made In USA
